

## Sylvester Spurts To Favorite Position In City Softball League Closing Race

Tension is mounting in the city softball race as the season nears its ultimate close.

Unexpected strength is developing in what were the weaker teams in the league and weaknesses are being determined in the former leaders which add to interest in the play.

The latent power that has been evident in the Sylvester club has finally asserted itself and they making a late season surge that will probably put them in the playoffs.

Last week's games found the Lions spanking McCauley on July 6 by a 20 to 7 score. Robert Fletcher pitched a steady game for the Lions and Don Rowland hit for the circuit.

In the other half of the July 6 bill, Sylvester got tough with VFW and walked off with a 7-6 victory. Perryman knocked out a home run for Sylvester with two men on the base paths to insure the victory. Early was the winning pitcher and Woods the loser.

On July 7, Neinda trounced Hitson 8 to 4 and VFW hammered Conoco by a score of 15 to 6.

Hargrove was the winning pitcher for Neinda and Hewitt and Riddle both connected for three hits to lead at the plate. Woods won his seventh game for VFW when he defeated Conoco and Carter pounded out three hits.

Neinda staged a late inning rally in their game with Lions on July 10 which netted them a 13 to 12 victory. The Neinda batters came to life for three runs off Sugar Green in the last inning of the ball game to tuck it into the win column. Hargrove was the winning pitcher and Ford led the hitters with three singles.

Hitson had a hectic night when they appeared with a mediocre ball club to engage Sylvester. Five innings of fireworks produced 22 runs for Sylvester as against three for Hitson. Early was the winning pitcher and Haught suffered the loss. Pete White hit four singles and Perryman came through with three one-base hits.

July 11 brought an exhibition game between the Hamlin girls and the Hitson girls which Hamlin won by a score of 9 to 8. The Hitson girls made a determined bid for victory when they scored three runs in the last inning but Doty Travis squeezed the pill for the final out with the winning runs on the sacks for Hitson. Wilkins was the leading hitter among the girls.

Neinda again finished strong to take McCauley in the final of the evening 12 to 6. McCauley displayed a superior brand of ball to that usually played by them and were only behind 6-8 when Neinda started their last inning rally to ice the game. Lawlis, a surprise performer for the McCauley team hammered the ball at a terrific clip and Gregory chimed in with 3 bingles for Neinda.

Thursday night's games found Hitson engaging Conoco and Lions opposing Sylvester.

Calendar for tonight will pit Sylvester against VFW and Conoco will cross bats with McCauley.

## Cardinals Schedule Game With Loraine

The revitalized Hamlin Cardinal baseball club will meet the Loraine club at the city park Saturday night at 8:15 p. m.

Under the lead of Earnest Jenkins, the Cardinals have engaged in two games over the past ten days and have split with their opponents. Rotan was defeated by a score of 10-7 in a game at Rotan and Roscoe shellacked the Cardinals by a 8-2 score.

Jenkins reported that he did not have a representative group on hand for the Roscoe game.

Interest is being rekindled in the diamond sport here and talent is being developed which will field a team that will compare with the clubs that have represented Hamlin in passed years.

At present the mound staff is centered around Adair, Wilson and McCoy and hitting strength is being groomed to support this trio in future games.

Loraine is reported to have a very strong club and the Saturday contest will be a fit test of the possibilities of the Hamlin aggregation.

### VACATIONING IN CHICAGO.

The Earl Hanke family from Celotex are spending their vacation in Chicago visiting friends.

John Bunyan wrote "Pilgrim's Progress" while he was in prison.

## Cotton Insect Infestation Counts Made Reveal Light Reports of Jones Damage

Cotton insect infestation counts made last week throughout the county show that flea hoppers are at work again, according to Bill Lehmborg, Jones County Agriculture Agent.

From the Hawley Area—William C. Swindles report shows 14 flea hoppers per 100 terminals, no boll weevil damage was found. Plant lice or aphids were found but only doing light damage.

The Avoca Count made by C. A. Williams, shows 15 flea hoppers per 100 terminals and no boll weevil damage. Plant lice are not bothering the cotton in this area to any appreciable amount. Anson area County was made by Bill Moore and it shows 10 flea hoppers and three boll weevils per 100 terminals. Light damage being caused by plant lice.

Hamlin Area Count—from a report by Harold Eades shows two boll weevils and three flea hoppers per 100 terminals. Plant lice are present but only causing light damage.

In the Plainview area, a count made by Bill Lehmborg showed only minor flea hopper, aphid and thrip damage to the cotton.

Early season control—two to three sprayings or dustings at seven-day intervals will be the answer to the insect problem, generally speaking. For those who have sprayers, three-fourths pound of Toxaphene or 2-1 mix in two to eight gallons of water per acre will give good control. For those who will use dusters, seven pounds of 3-5-40 mix or 20 per cent Toxaphene 40 per cent sulfur per acre will give good control.

Presented here is a panoramic view of the new west wing of Hamlin Memorial Hospital as an addition to the original structure. The new wing will add to capacity of the hospital sufficiently to permit 32 bed patients. Additional equipment will also be installed and Hamlin is to have facilities that will care for normal emergencies as a result.

## Sale Completed Of Local Flower Shop

Sale of the Hamlin Flower Shop to Mrs. John Ed Day by Mr. and Mrs. Carl Greenway was of interest to citizens of Hamlin this week.

The flower shop had been under the management of the late Elva Greenway and members of the Greenway family persuaded the mother and father to dispose of the property as too much of an undertaking for them to manage.

No official announcement of the transaction was made and Mrs. Day was not available for a statement. Sources close to both contracting parties informed The Herald that operation of the new business provided an activity which Mrs. Day had been seeking following sale of the City Drug some months ago.

After the sale had been completed, Mrs. Day departed for Houston to attend a state florists' convention.

Official announcement of plans and personnel for the operation of the business will be published following return of Mrs. Day from Houston.

## North Pardue Field Has Canyon Producer

The Tucker 4C well drilled by Texas & Pacific Coal and Oil Co. has set pipe in the Canyon pay in the North Pardue Field.

The rig has been moved by the operator to the Tucker 5-S which will be drilled to the Swastika horizon.

### RETURNS FROM TRIP

Mrs. M. P. May returned Tuesday to Hamlin from a trip to Salinas, California, where she visited with her son.

Mrs. May flew by airliner to San Francisco on the trip out and returned by air to Pueblo, Colorado. She was met at Pueblo by Mrs. J. Frank Johnson and remained in that area for a mountain rest before starting on the drive to Hamlin.

She was accompanied from California by Margaret and Irene May, daughters of Truett May.

## Hitters In Close Race for Leaders

Radical changes have been noted in standing of batters in the city softball league after the past two weeks of play.

Perryman, Sylvester shortstop spurred to the top position after being far down the list through the first weeks of play and David Ford continues to hit the ball in lusty fashion. Butler, Lions first baseman slipped from first to fifth place in the standings.

The hitting table:  
Perryman, S ..... 17 9 529  
D. Ford, Lions ..... 17 9 529  
Dozier, Syl ..... 17 9 529  
Lippe, Conoco ..... 27 14 518  
Butler, Lions ..... 39 17 436  
Hooper, Conoco ..... 25 10 490  
Carricker, Syl ..... 28 11 392  
Jennings, McC ..... 28 10 357  
Harbert, VFW ..... 30 10 333  
Gardner, VFW ..... 27 9 333

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

## Cowgirl Miss Winner At Stamford Rodeo

Wyvonne Conner, nine-year-old daughter of Mr. and Mrs. Bryant Conner, received a check from the Texas Rodeo Association for winning third place in the Cowboy Reunion parade held in Stamford.

This is the fourth time this season that Wyvonne has placed in Rodeos in the section. Other shows entered were at Rule, Aspermont and Spur.

## Bonds Sold Here Lead Other Towns

Figures received by The Herald indicate that Jones County raised a total of \$63,414.50 in the savings bond campaign which was to have closed July 4.

This total represents just under 82 percent of the quota for the county in the drive.

Of the 63 thousands dollar total, Hamlin reported sales of \$32,156.25. This represents slightly over 50 percent of the total raised by the entire county.

On the basis of these reports, it would seem that other towns in the county fall as short in their fund raising capabilities as they do in their census estimates.

## 81.83 Per Cent of Bond Quota Subscribed

According to a report received by The Herald this week Jones County had attained 81.83 per cent of its quota of \$77,500 on the Independence Savings Bond Drive over the county.

Total for the county was \$63,414.50.

Mr. and Mrs. Gill Walker and children of Colorado City spent Monday and Tuesday with C. T. Drake and sisters and Mr. and Mrs. L. A. Richie of Wise Chapel.

Mrs. Mable Harle, Worthy Grand Matron of the Order of the Eastern Star of Texas, presented a check recently for \$4500 to the hospital that aids crippled children from all over Texas, and Judge Towne Young, president of the Scottish Rite Hospital for Crippled Children in Dallas, voiced the appreciation of the board of trustees in accepting the gift. The charity institution is supported by contributions in the form of trucks, bequests and individual contributions. Other persons on hand for the presentation were (l. to r.) Asher Minis, secretary of the hospital board; Mrs. Olney Shirley, Grand Matron of the Eastern Star of Texas; Judge Young, Dean Gaudin, Worthy Grand Patron of the Eastern Star of Texas; Mrs. Irma Mitchell, superintendent of the hospital; and Mrs. Harle.

## Stadium Seating Plan Gets Favorable Action from Hamlin Gridiron Followers

First sales of options to reserved seats in the new construction of seats at the Hamlin football stadium began Wednesday at a booth in front of Bryant-Link & Company's department store.

As a means of solving the problems which have been encountered in the past regarding seating at Pied Piper football games, the school authorities arrived at a plan whereby options will be sold to those desiring them for a period of five years. These options will permit the subscriber to select a seat or group of seats which will be reserved for his call until the afternoon preceding the game.

In the event the tickets optioned in this manner are not called for on the day prior to the game, the seats will be placed on sale to the general public. No purchase of the ticket which will admit the spectator to the game is involved in the option transaction.

Sale of the options and reserved seat tickets to the games will continue through Friday and possibly beyond that date. Sale of both tickets and options was at a brisk pace throughout the afternoon Wednesday.

Provision is also made for the fan who is certain that he is going to be in attendance at all home games of the Pipers.

Books of reserved seat tickets have been printed which will gain admission to each scheduled game. These are allocated to each of more than 750 seats in a central section of the new stands and they may be purchased now at no advance in price.

Through sale of the options to the sports-minded public, the local school authorities feel that they may be able to retire a considerable portion of the indebtedness contracted in the building of the stadium extension. This will combine with a ticket reservation plan which will be inexpensive to the football fan.

Blocks of tickets for students are also being provided in the reserved section at a reduced price, which is a departure from the usual practice of selling all reserved seats at an established price regardless of the age of the user.

Coach Jesse Burditt has been in charge of the downtown booth for the option and ticket sales.

## X-Ray Campaign Going Forward

Intensive educational campaigns are being conducted by the leaders in the movement which will bring a mobile x-ray unit to Hamlin in August for examination of citizens in the campaign against tuberculosis.

Posters and mailing pieces have been prepared and the entire county will be covered with a blanket of information regarding the free service to the people.

Showrooms of the Hamlin Motor Company have been selected as site for the unit and this will permit easy access from the street for those who volunteer for examination. Since the examination will be made while the people are fully dressed, the x-ray pictures will be taken very rapidly and no inconvenience will be experienced by the volunteers.

Hamlin has not been included in prior appearances of the unit in this section of the state and this will be first opportunity of people of this community to receive the service. The examinations are being made by the state health department in their all-out fight against tuberculosis in the state. Many instances have been found where subjects have been infested with the disease without their knowledge.

Indications of presence of the disease in a patient is treated in confidence and personal physicians of the subjects are furnished with information of the results of the examinations, after which the patient is consulted as to his choice of treatment.

Location of the well is in the East Pardue Field.

The northernmost point of the U. S. is located in Minnesota.

## Lions Under King In First Meeting

First regular meeting of the Hamlin Lions Club under the direction of Jim H. King as president was held Tuesday.

Principal portion of the meeting was devoted to reports of the secretary and treasurer on activities and finances of the club for the year just passed. Clarence Bailey as secretary and Onis Crawford as treasurer, submitted the reports.

Lions Bud Jackson and Jimmy Irwin were presented with keys in recognition of their efforts in securing new members for the service club.

Superintendent I. R. Hutchingson and Coach Jesse Burditt reported to the club on plans for the new stadium now being erected at the Hamlin football plant and Burditt displayed some of the new equipment purchased for use of the local gridgers. In a manner typical of their profession, he refused to make definite predictions as to the success of the local eleven in the season to come.

Louis Bleriot first flew the English Channel in 1909.

## Rigs Coming

Rumors are current among oil operators here that three or four new oil well drilling rigs are to be moved into Hamlin immediately.

No authentic information is available as to the exact sites on which the rigs will be situated. Operators acknowledged, however, that there was sound basis for the rumor.

### COTTONSEED COOKIES!

At refreshment time this young lady is enjoying tasty cookies made from cottonseed flour, and she reports they are delicious. The flour has a content of 50 per cent protein and only two per cent starch. It is used by bakers in combination with other flours to prepare cakes, cookies, and health breads, the National Cotton Council says.

## Round Top Field Has Completion and Starts

West Central Drilling Company is below 2,000 feet in the drilling of the Orsie Brown Number 1 which is preceeded to the Canyon Reef. This well is slated as a south extension to the Round Top field.

Drilling has started on the Dorothy Decker Number 2 which is a twin to the Canyon Reef well on this property. The well will be drilled to the Swastika by the Round Top Oil Company.

Merry Brothers - Perrini Number 7 is at 3,000 feet as a Round Top operation.

### TO YOUTH CAMP

Misses Susanne Hudson, Benjie Elkins and Rose Brady are attending a Methodist Youth Camp at Ceda Canyon, near Amarillo, this week.

They were driven to the camp site by Mrs. Bill Shira and Mrs. Wesley Nail on Monday, July 10. Mrs. Nail and Mrs. Shira report that the camp has all of the primitive atmosphere that will add to the adventure of the trip.

## Traffic Light Up At Intersection

Installation of a traffic control light at the intersection of Central Avenue and Lake Drive by the Texas state highway department was completed early this week.

Negotiations had been pending for several months between the city council and the state highway department for the installation of the light and an exhaustive survey of traffic at the intersection had been conducted by the state.

Increases in traffic from both directions as determined in the survey led to the erection of the light, which is a "stop and go" light rather than a blinker control.

At the same time that the light was granted to Hamlin, the department of public safety was emphatic in their recommendation that the corner be properly policed in order to make it effective.

Police Chief J. S. Foster has stated that a right turn will be permitted on a red light after the motorist has come to a complete stop and determined that the right of way is clear. No U-turns will be permitted at the corner where the light is situated.

At the same time the action was taken, the highway department recommended against a stop light at the bank corner in Hamlin as not being practical. The amount of traffic at this intersection was judged to be insufficient to require the policing that would be necessary at this point.

Need for a light of this type at the junction known as the McCauley Y is the subject of a survey to be conducted later by the state.

Expense of installation, operation and maintenance of the light at Lake Drive will be paid for by the state of Texas.

## King Leaves For Lions Chicago Convention

Mr. and Mrs. Jim H. King left Wednesday morning on the first leg of the trip to Chicago to attend the national convention of Lions International.

They will stop over enroute to the convention for a Philco sales demonstration and for a preview of new products of that company.

King is the official delegate of the Hamlin club to the Chicago convention.

## Culbertson Well To Reach Swastika Today

Ungren & Frazier Joe Culbertson Number 1-A is reported to be drilling below 3100 feet. The well is an east offset to production on the Culbertson property and will be at the Swastika depth today. Completion has not been made on the Culbertson Strawn well by that company pending arrival of a spudding unit to drill the plug.

## Cemetery Work In Full Progress Here

Lennie Greenway is enthusiastic in her reports on the progress being shown by workmen in the cleanup drive at the East Cemetery.

Although funds are limited with which to accomplish the goal in the campaign, Miss Greenway is confident that response to her appeal for funds through valutary contribution will be sufficient to carry the work to completion.

Certain sections of the cemetery are cared for on a perpetual basis by individual lot owners through hiring of a caretaker for those particular sectors. This leaves other portions of the cemetery in stages of neglect that is appalling.

It would appear that many of the grave sites have been forgotten by survivors and unless the work of cleanup is done voluntarily by others, the contrast becomes ridiculous.

Miss Greenway has asked that those who have been overlooked in her mailing list voluntarily subscribe the money that is necessary to successfully maintain a beautiful cemetery.

## Wilson Candidate For Supreme Court

Texas has seen much of Will Wilson of late. The Dallas County District Attorney, who is candidate for the Supreme Court, has campaigned vigorously in West and South Texas since he announced his candidacy in Austin the latter part of May. His plans include visits to East Texas and other sections of the state during his campaign tour.

"Justice is the only thing that a candidate for the Texas Supreme Court can promise voters," Wilson stated in addressing the Army and Navy Association in San Antonio Thursday. "I pledge if elected, to add my efforts to

those of the present court, toward this end.

Wilson, the only veteran in the race, returned from World War II service in the Southwest Pacific with a desire to enter public life. He was elected Dallas County District Attorney in a five-man race in 1946, and re-elected two years later by an overwhelming majority.

His drive in Dallas against organized crime has attracted national attention. Formerly president of the District and County Attorney's Association of Texas, Wilson is now chairman of the Texas Bar Association's steering committee to modernize the State Penal Code.

Wilson attended the Dallas public schools, and then earned a science degree from Oklahoma University and a law degree from Southern Methodist, working as a roughneck in the oil fields to finance his education.

During the war he saw active combat on Biak and Luzon. "As commanding officer of the 456th Field Artillery Battalion on North Luzon, he accepted the surrender of the forces of General Yamashita, infamous Japanese military leader. During his service with the Army, he earned a bronze star for voluntary patrol behind Japanese lines.

Before the war, Wilson was a trial lawyer for a large Dallas civil law firm, later resigning to become Assistant Attorney General under Gerald Mann and Grover Sellers. He specialized in trial work for the state, successfully prosecuting cases involving millions of dollars of endowment funds for the public schools.

"To the Supreme Court, I will bring the vigor of my middle

### Dave Reves Asks Support as Jones County Sheriff

In behalf of my candidacy for sheriff of Jones County, Texas, there is no individual or group of individuals "running me", but I sincerely hope that I have the majority of voters, votes and influence.

I want to thank the many who are giving me help and encouragement.

I am a graduate of Hardin-Simmons University with a double major; political science and education. I have been a high school coach, teacher and high school principal.

I am an Army veteran of World War II of forty months service. I am a member of the American Legion.

I am a member of the Methodist Church at Lueders, my family consists of my wife, (former Estella Winkles) and two children, David Jr., and Susan.

I am interested in our children, yours and mine. The future of our nation is dependent on the way in which we train our children.

and youth of today. I have a three-fold youth program to develop if I am elected your sheriff.

I hope to see every citizen and voter of Jones County. I sincerely solicit your vote and influence.

Yours truly,  
D. E. (Dave) Reves  
(Paid Political Adv.)

HAMLIN, TEXAS

### Nelson Seeks Place On Criminal Court

Former State Senator G. H. (Hobert) Nelson of Lubbock County is spending the last days before the July 22 primary campaigning in his native North East Texas for Judge of the Court of Criminal Appeals.

Nelson, who has been honored by the people of West Texas as county attorney, district attorney and state senator, was reared in Cass County. He is the son of Mr. and Mrs. Henry D. Nelson of Linden. He was educated in the public schools of Cass County, East Texas State College at Commerce, and the University of Texas as law school. He married the former Miss Aileen Hackney, daughter of Mr. and Mrs. J. P. Hackney of Pickton, Hopkins County.

Nelson has received editorial support for the judgeship of the Court of Criminal Appeals from newspapers large and small in various sections of Texas, including the San Antonio Express and the Victoria Advocate.

Senator and Mrs. Nelson have four children, the oldest of whom, Mrs. Roland Nabors and her family, reside in El Paso where her husband, Roland Nabors, is football coach at Texas Western.

Sir Frances Drake was the first Englishman to travel around the world.

Around the equator the earth is larger than around the meridian.

## 10<sup>TH</sup> Anniversary Event

FRIDAY MORNING, JULY 14th at 9:00 a. m. we will throw open our doors to the Most Price Cutting Event ever staged in Hamlin. In the past few days wholesale prices have advanced due to the war scare. Cotton alone has advanced \$15.00 per bale in the east. Some merchandise that we will have on Sale has already been called off of the market. You can now buy merchandise at Reduced Prices that probably will not even be available in a very short time. We are going ahead right in the face of advancing prices and give you the same ANNIVERSARY SALE as we had planned. So bring your family and friends and buy this merchandise while you can get it and at prices you will not see again for a long time.

Remember, FRIDAY, JULY 14, 9 a. m. Sale Ends SATURDAY, JULY 22

Job Printing at The Herald.

## Holloway Seeks Support to Com. Precinct No. 1

In preparation for assuming office as Commissioner for Precinct 1, election to which he is confident, Henry Holloway has disposed of his other business interests.

Holloway recognizes the fact that successful conduct of his office will be a full-time job and will not permit dividing his time in other activities. He has lived in Jones County for 30 years and in the Carlton community for seven years and feels that he is thoroughly familiar with the needs and problems of the precinct.

This is his first venture into the political field and he believes that his business knowledge will serve the precinct well in the economical administration of his office.

With these abilities demon-

strated to the voters of this section of Jones County, he asks your earnest consideration in the

choosing of your county commissioner subject to the action of the Democratic Primaries.

## THE DOORS THAT NEVER CLOSE

There is one building in Hamlin that has never closed its doors, 8,760 continuous hours of operation each year. Even more remarkable is the fact that they will never close as long as the institution is in existence. These doors are to the Hamlin Memorial Hospital.

Hundreds of families in this and other communities call upon Hamlin Hospital for medical care each year. During the past fiscal year 900 different people were admitted for medical and surgical care for a total of 4,500 bed patient days, and almost 30,000 clinical patients given highly skilled treatment by the physicians at this hospital both day and night, seven days each week.

## THERE IS NO CATHALICON

Just in case you wonder what a "cathalicon" might be, it is defined as a panacea, a cure for all ills. The constant scientific research in the fields of medicine and surgery have lengthened the life expectancy several years beyond that just 20 years ago—but scientists have not yet developed a cathalicon.

At Hamlin Hospital more than 5,000 doses of medicine are administered each week—each prescribed by an attending physician as most effective for the treatment indicated. Hundreds of drugs and medicines are carried in stock at Hamlin Memorial Hospital at all times so that physician's prescriptions for hospital an out patient's needs may be filled immediately.

## MOST COMPLEX BUSINESS IN HAMLIN

Residents of this area should point with pride to one of our local institutions engaged in one of the most complex of any institution in the world.

Although it has been located in Hamlin on a relative short time, it employs 24 people most of which are local residents. Over \$30,000 annually is paid in salaries. One of the largest buyers and best customers in this area, has a greater percentage of professionally trained people in its employment, but Hamlin really knows very little about her famous institution.

When possible it buys locally, but many thousands of different items it buys annually come from every corner of the globe.

This small institution served over 27,000 meals last year, including every type of diet and food arrangement.

It is a busy place. Three shifts of employees are required every day in the week including Holidays, the doors never close even for 10 minutes.

The work of this organization has probably, directly or indirectly, affected the very life of nearly every resident of this area. Statistics show one out of 10 people, or one member of each family out of three will receive hospitalization each year. What is even more amazing, is the fact that if the individual has not as yet been so affected, it most certainly will.

Yet—strange as it may seem the organization manufactures nothing, sells nothing, and has no customers. Its income is often less than the cost of operation, no one is turned from its doors—none are denied service. The average cost to this institution for 24 hours of hospitalization for each bed patient is in excess of \$14.00. Can you identify this organization? THE HAMLIN MEMORIAL HOSPITAL.

Dr. E. J. Hawkins

Dr. M. L. Smith

Dr. E. D. Perrin

## Hamlin Memorial Hospital Association, Inc.

Chartered 1946

Hamlin, Texas

The directors of the Hamlin Memorial Hospital are happy to announce that the addition to the hospital is nearly complete and will be ready for occupancy within the next two weeks. Final touches are now being made, and the furniture and fixtures will arrive soon.

With completion of this work the hospital will have a capacity of 32 beds, all of which will be in the west end of the original building and in the new wing. The east end of the original building will be used exclusively as a Clinic.

Cost of this construction is approximately \$21,000.00, and the furniture, fixtures, and additional equipment is costing approximately \$8,500.00.

Several individuals have expressed their desire to pay for furnishing a room when this work was completed. We are now ready for any contribution anyone wants to make to this worthy cause. The cost of furnishing a private room is \$350.00, and for a room with two beds, and necessary additional furniture, the cost is \$550.00. This furniture is the very latest hospital equipment, and is very nice. Rooms with more than one bed will be equipped with the latest thing in screening which provides complete privacy. Those who desire to have a part in this good cause will kindly give your check to Mr. J. E. Patterson in the Wagoner Building, or to any of the directors.

This furniture is to be delivered July 20th, so your immediate response to this matter will help us solve a financial problem at this time.

We are very proud of the progress the hospital has made in the past 14 months, and we are glad that circumstances and conditions have been such that we could increase its facilities to better care for the needs of the people of this community. We are grateful for the fine spirit of cooperation manifested by the citizenship, and especially are we thankful to Doctors Hawkins, Perrin and Smith for their helpful attitude, and devotion to their profession.

And for a job well done, we also thank Mr. Bob Tegart and his corps of helpers for their fine cooperation and good workmanship.

The date for the opening of the new wing will be announced later. Watch for it and make your plans to attend.

Very sincerely,

BOARD OF DIRECTORS,

HAMLIN MEMORIAL HOSPITAL ASSOCIATION

### HD Agent Explains Problems In Canning

Home canned fruits and vegetables which have become discolored on the shelf are a problem to many housewives who wonder whether they are safe to eat, according to Loreta Allen, County Home Demonstration Agent.

Canning specialists of the U. S. Department of Agriculture say there are several causes for discoloration of canned goods besides spoilage. Fruits and vegetables may darken at the top from air in the jars. They also may darken from too little or too much heating during canning. Canned pears, apples, and peaches sometimes take on pink or blue tints from chemical changes in their coloring or from too slow cooling after canning. Iron or copper in cooking utensils or in water may cause brown, black or grey colors in canned foods. Highly colored foods, like beets or raspberries, may fade when canned in plain tin. Such color changes are not harmful although the food may be less appetizing.

If foods show any sign of spoilage along with the discoloration, however, it is advisable to destroy foods without tasting. Signs of spoilage are: leakage, swelling of jar tops or tins, a spurt of gas when the can is opened, mold at the top of jars. Mold in acid products is usually not harmful although it effects the flavor of food, but it may cut the acidity so that dangerous spoilage organisms can grow.

Any canned foods that shows signs of spoilage should be disposed of where it cannot be eaten by humans or animals. Unfortunately as it is to have to waste canned food, it does not pay to take health chances on food that may be harmful. Canned vegetables especially should be suspected if they show the slightest sign of spoilage.

Millard Fillmore was president when the first bathtub was installed in the White House in 1851.

### PARTY SANDWICH LOAF — FESTIVE REFRESHMENT

No matter how festive the occasion, a party sandwich loaf is the perfect refreshment. Just slice a loaf of enriched yeast bread lengthwise, spread with flavorful fillings and frost all with cream cheese.

#### PARTY SANDWICH LOAF

- 1 cup grated American cheese
- 2 tablespoons chopped pimiento
- Salad dressing
- Salt and pepper
- 1 small can pink salmon
- 1/2 stalk celery, chopped fine
- 1/2 teaspoon paprika
- 3/4 cup Blue or other cheese
- Food coloring
- Clam juice or milk
- 1/2 pound cream or cottage cheese
- 1 day-old loaf unsliced enriched yeast bread
- Stuffed Olives
- Pickle relish

Mash together American cheese and pimiento. Moisten with salad dressing and season to taste with salt and pepper. Set aside. Flake

salmon, add chopped celery and moisten with salad dressing. Stir in paprika. Set aside. Tint Blue or other cheese with food coloring. Moisten cheese with salad dressing and mix until smooth. Set aside. Add enough clam juice or milk to cream cheese to soften it to spreading consistency. Set aside. Remove all crusts from loaf of bread. Cut in four lengthwise slices. Spread one slice with cheese and pimiento mixture. Cover with second slice. Spread with flaked salmon, cover with third slice. Spread with Blue or other cheese, top with remaining slice. Cover top and sides of loaf with softened cream cheese. Chill overnight in covered box in refrigerator. Garnish top with sliced olives and pickle relish.

### Eleven from Hamlin At Camp Fire Meet

Eleven Camp Fire Girls and three sponsors attended Camp Wetexaca at Buffalo Gap, July 10 thru July 15.

Those from Hamlin were: Sandra Stuart, Betty Teague, Retha Sanders, Kay Meason, Jean Kidd, Joy Hames, Sara Fomby, Gwendolyn Brown, Renee Moore, Laura Courtney and Ida Carter.

Three of the local sponsors attended the camp were: Mrs. A. S. Teague, Mrs. Lonnie Kidd, Mrs. Ned Moore. Sponsoring the girls while at camp was Miss Juanice Young.

The girls enjoyed swimming and other water sports, rest periods along with balanced food.

The pony express was established between San Francisco and St. Joseph, Missouri on April 3, 1860.

### Joyce Daniel Bride of Richard Isenhour

Joyce Daniel, daughter of Mr. and Mrs. John B. Daniel became the bride of Richard Isenhour, son of Mr. and Mrs. John Isenhour of Lebanon, Indiana in a candlelight ceremony performed Saturday, July 1.

Rev. Warren Isenhour, brother of the bridegroom, read the single ring ceremony, with only the family and close friends attending.

For the ceremony the bride was gown in ballerina-length magnolia lace with olive brown accessories and carried a green orchid atop a white Bible.

The bride is a graduate of Spearman High School and attended McMurry College, Abilene.

The bridegroom graduated from Lebanon High School, served three years in the air corps, and also attended McMurry College.

Following a short wedding trip, the couple are at home in Lebanon.

### How do we mean "OUTSELLING"?

Never before in the history of the tire men have new products such as the Mid-Century Royal Masters, Life-Tubes and Air Rides enjoyed such endless and urgent public demand. They are the "run-away" tires of the decade in every top quality market. Never before have the important factors of SKID-PROTECTION, BLOWOUT-PROTECTION and LIFE-PROTECTION reached anything like this new level of all-weather safety. That's why these Mid-Century products are outselling everywhere in all the higher quality markets.

**Tire qualities and features never known before**

Never before have you seen tires or tubes like these. Investigate them today! Get complete proof demonstration before you buy. Get highest cash allowances for your old tires and tubes. Get our easy credit terms if you desire them. All Fully Guaranteed. Priced as low as your life and safety permit.

**JULY PICNICERS.**

Among the July 4th picnicers were: Mr. and Mrs. Elmer Joiner and Jimmy, Mr. and Mrs. Fred Rosenbaum and Joe Ray, Mr. and Mrs. Mel Jones, Mr. and Mrs. W. H. Madden, Mr. and Mrs. Louis Earl Madden, Mrs. Jaroe, Mr. and Mrs. Ezra Shira and Geraldine, Mr. and Mrs. Runt McCoy and children.

Thirty-three years usually constitutes a generation.

Mr. and Mrs. J. M. Whitely of Aruba and sons, James Mark and Toby and daughter, Precilla were visitors of Misses Allie and Pearl Whiteley and Mrs. Byrd Creekmore Wednesday.

Silver and gold coins have a rough edge because if they were smooth it would be easy to file off some of the valuable metal without changing the coin's appearance.

**Dickson Asks for**  
Support to Post  
In Supreme Court

More than seven years of fighting the people's battles against monopoly, waste of resources and public raiders as a key member of the State Attorney General's staff have earned him a position, says Fagan Dickson of Austin and San Antonio, candidate for the State Supreme Court, Place One. "My opponents have bought all the billboards," said Dickson. "I can only offer my services on the basis of my qualifications. My 21 years experience as a trial lawyer, representing small, independent clients and the state in Texas civil courts, I believe have fitted me for service on the highest civil court."

Three attorneys general appointed Dickson to head departments. Jerry Mann made him chief of the land division. Grover Sellers made him head of the oil and gas division. Price Daniel made him First Assistant Attorney General.

"As first assistant, I issued more than 100 opinions to state departments, none of which has ever been overruled," said Dickson. "This is identical with the work done by judges on the Supreme Court. I urge you to compare the qualifications of all candidates, and have confidence in your judgment."

**Increase Reflected In**  
June Katy Carloadings

Katy System carloadings for week ending June 30, 1950 were 10,817 as compared with 9,249 for same week in 1949. Cars received from connections totaled 5,024 compared with 3,642 for same week in 1949. Total cars moved were 234,690 compared with 229,150 for same week in 1949.

At a traffic intersection, the U. S. Mail truck has the right of way over all other vehicles, at all times.

**HOME FOR SUMMER.**

Miss Jane Adams, daughter of Mr. and Mrs. Seth Adams, is visiting her parents now after attending Texas Tech, Lubbock during the summer. She will return as a senior this fall.

At a traffic intersection, the U. S. Mail truck has the right of way over all other vehicles, at all times.

**McDonald Asks Re-Election as Com. of Agricul.**  
Veteran Commissioner of Agriculture, J. E. McDonald, has definite views on a national farm program.  
He believes in a two-price system for marketing agricultural products—a full parity price for that portion allotted for consumption in the United States, this allotment to be made in units such as bales, bushels or pounds and

NOT in acres—and the farmer left to free to produce in excess of American needs for sale in foreign markets at world market prices.  
McDonald believes that each commodity should finance its own program.  
"Cotton should finance the cotton program," McDonald explained, "wheat the wheat program, etc., making it unnecessary for Congress to appropriate funds out of the Federal Treasury."  
"This program would enable the American farmer to have purchasing power with which to live by American standards and, at the same time, place him in the

best position to maintain and extend foreign markets for our agricultural products, which is so essential for full employment on the farm and in the factory.  
"Any farm program that does not benefit other essential American groups as it does the farmer himself will fail and should fail," according to the Texas Commissioner of Agriculture.  
"Statistics show that only with a prosperous agriculture can we have national prosperity and full employment," McDonald stated.
